or

fixourzipmar24.eventbrite.com for the 24th.

NOTES

1. Both meeting will have the same information.
2. Our initial goal was to get a new common zip code for both unincorporated 92705 and unincorporated 92780. The Post Office advised us that this was not possible because the two areas are serviced by different post office. The USPS has said that they would like to close the Grand Avenue post office and move delivery to the Tustin Post Office. If that happens we will have an opportunity.
